

Youth Leaders,

Twelve months ago when the district office of the Northern New England Assemblies of God decided to take a step of faith and invest into the next generation of leaders, we all knew that God was going to bless that faith. In just a year we have seen so much happen because of this small decision. The best part is that was year one and God is going to do even more in the years to come.

As many of you know, our region is in dire need of revival. The latest stats have New Hampshire as the #1 Most Unchurched state and Vermont and Maine are tied for #2. For so many years we have talked about how our cultures and communities are in a post-Christian society, but I believe that the pendulum has swung and we are now living in a pre-Christian society. At least here in Northern New England. That means that many people, many teenagers have are living without knowing anything about God, Christ, or the Holy Spirit. It is easy to sometimes be discouraged by all of this, but we refuse to allow it to discourage us. Instead, we see the challenge and are empowered to do whatever it takes to see revival in our region again.

Introducing Revive Youth Conference. Formerly known as Youth Convention, we wanted to create an event with a vision, with a goal and Revive Youth Conference was born. In three days, our hope is to create a place where teenagers can come and experience God in a new and fresh way. However, we don't want them to think that this is the only place where they can experience God. We want them to go back to their communities and create places across our region where others can experience God.

We fully believe that God is going to bring revival to our region, but we also believe it begins with our children and our students. Thank you for considering being part of this life-changing experience. If you and your group attend Revive, you are sure to have a great time learning about God and bonding together. However, if you decide not to, please pray for all of those in attendance. Pray that God does something in every single teenager and leader. Pray that revival begins to take root in our region.

It's time, revival is here.

For The Three -

Travis Nichelson | District Youth Director
